

CR2+ / CR4

Laser Receivers

CR2+ Features:

- Strobe rejection filter
- Totally waterproof and dustproof (IP67)
- LCD's back & front
- Reception Range: 2,000' (600 m)
- Selectable On-Grade Accuracy: $\pm 1/32"$ ($\pm 1.0\text{mm}$), $\pm 1/16"$ (2mm), $\pm 1/8"$ (3mm)
- Detection Height 2.0" (50mm)
- Adjustable Beeper Volume
- Display Channels: 5
- Battery Life: Normal 150 hrs, Continuous 50 hrs
- Warranty: 2 Years

CR4 Features:

- Huge 5" vertical reception height for easy laser beam acquisition
- SuperCell patented laser reception technology eliminates traditional photocell breakage reducing downtime
- Digital readout displays distance to on-grade for quick grade checking
- True proportional arrows displayed on large front and back LCD make finding on-grade fast
- LED's on front, 5 accuracy levels, loud beeper
- Warranty: 3 Years
